

GROWTH CATALYST AGENCY

OJJI DEVELOPMENT

SEEDING SUSTAINABLE FUTURES

HELLO!

Overview: **OJJI DEVELOPMENT ZA** stands as the development consulting division of GrowZA Social Investment Agency.

Our primary mission is to serve as a dedicated professional service partner to forward-thinking social impact investors who have the sustainable growth of African communities at heart.

Origin of the Name: The name "OJJI" traces its roots to West African linguistics, translating to "shadow" or "shade." Among the Yoruba community, shade is not just a mere physical feature; it symbolizes sanctuary.

It is deemed an indispensable element in any gathering space, offering solace and protection. This philosophy resonates deeply with our work ethos, where we strive to craft productive shared arenas that foster collaboration and innovative solution design

OUR MISSION

At **OJJI**, our expertise lies in orchestrating transparent stakeholder networks and tracking pragmatic impact metrics.

Our guiding principle is "**Practical Innovation**" which we believe is the cornerstone to realizing:

- Economic Transformation
- Community Development
- Just Energy Transition
- Social Progress, as delineated in the Sustainable Development Goals (SDGs)

SERVICES

Programme Management: Comprehensive oversight of projects from inception to completion.

Impact, Monitoring, Evaluation & Strategic Communications: A holistic suite of services ensuring effective communication and evaluation of impact metrics.

Strategy Consulting: Expertise in reviewing, developing, and executing growth strategies.

Trust Management: Turnkey solutions encompassing Governance, Administration, and Grantmaking services tailored for South African Trusts.

THANK YOU!
